AUG 19 1999

Dear Mr. Helland

Re: Draft Work Plan for Building R-12  
Naval Weapons Station Earle  
Colts Neck Twp., Monmouth Co.

The New Jersey Department of Environmental Protection (NJDEP) has reviewed the above report prepared by Foster Wheeler Environmental Corporation on behalf of Naval Weapons Station Earle, dated June 28 1999. The NJDEP approves this document provided the following comment is addressed. Earle can proceed with the remedial action for R-12 and address the comment in a subsequent letter.

Page 9 - The report states that the remediation will operate continuously for 16 months. It is the NJDEP's position that a time constraint should not be placed upon the system operation. The system should remain in place as long as free product can be recovered.

If you have any questions, please call me at (609)-633-7237.

Sincerely,

Bob Marcolina, Case Manager  
Bureau of Case Management

C: Greg Goepfert, NWS Earle  
Lester Jargowsky, Monmouth County Health Dept.
